# Kojo Ahyia-Osae

## PROFILE

I am a developer experienced in building websites for small and medium companies. I focus on increasing companies' online presence with emphasis on branding and storytelling.
I specialize in branding, micro-animations, and UX/UI design.

## WORK EXPERIENCE

**Jaws Family Dentistry – Web Designer**
*Nov 2025 – present*

Contributed to the branding and visual identity. Developed and deployed a fully responsive website optimised for all platforms. Directed social media engagement and marketing strategies through content creation.

**Prodigy Finance – Technical Customer Support**
*April 2023 – August 2025*

Facilitated onboarding and provided troubleshooting for new and existing customers. Provided technical support via various communication channels.

**HouseMe – Junior Software Tester**
*Sept 2019 – July 2020*

Executed functional testing to ensure software quality. Provided technical support to users. Mapped user journeys to understand and improve user experience.

## EDUCATION

**University of South Africa (UNISA)**
*Jan 2019–Dec 2025*
